development

Reliable behavior

Our divisions

PROFESSIONAL AND TECHNICAL - REVOLUTIONARY AND EFFICIENT

IT Consulting

Whether consulting, development or project management - we always focus on the overall concept when it comes to the realization and integration of IT solutions for our customers. The focus is essentially on the value and applicability of the digital product.

SAP Consulting

As an SAP partner, Clatum offers you the latest SAP technology. As a result of our close partnership, you also benefit from the comprehensive training opportunities offered by SAP. This ensures that your company and its employees are always at the forefront of the most recent developments.

Transformation Consulting

The digital transformation can only succeed in the long term if structures, systems and processes are adapted and all participants are involved. With Digital Leadership, Clatum provides an innovative approach to change management that supports your company in its transformation.

Innovation Lab

In times of skills shortages and constant change, we are joining forces and working with a large network to bring our own innovations to the market. This creates new IT products that complement our consulting services.

Support

OZF @ Clatum Innovation LAB

ADDRESSING THE GAP BETWEEN CITIZENS AND GOVERNMENT

Output from our consulting experiences

- Offering an additional service
- Fulfilling the customer need
- End-to-End

OZF as key project within our Innovation LAB

- OZF vs. OZG
- Missing solution on the market
- Need of an established Web Framework
- Best fit to SAP Roadmap in Public Sector

*“The **Onlinezugangsgesetz (OZG)**,
eng. Online Access Act, is a
German law regulating the federal
financial system and amending
budgetary regulations. It obliges
the federal government, states and
municipalities to offer their
administrative services
electronically via administrative
portals and to link these to form a
portal network.”*

Clatum Management

COMPETENCE BUILDS TRUST

Matthias Haffke

First as a consultant for Capgemini, later as founder of the SAP consulting firm Fimunis and today as founder and Managing Director of Clatum, Matthias Haffke has been working on innovation projects in the field of SAP and digital transformation since 2006. Together with his partners, he creates a spirit of innovation, motivates customers and explains in a practical way how digitalization can succeed.

Daniel Wagner

As a key account manager in the public sector and one of the leading SAP CRM 7 Grantor architects at national level, Daniel Wagner advises and inspires new template approaches and industry standards. Since 2019, Daniel Wagner has been the founder and managing director of Clatum Business Consulting, using his creativity to manage and advance technical Grantor innovations.

Sandro Deeg

Sandro Deeg is a founding member of Clatum Technology Consulting. As an SAP developer and technical SAP consultant, he worked on international projects for the SAP consulting company ECENTA and played a key role in the development of Web UI technology in the SAP standard. Today, as a technical innovator, he supports pioneering pilot projects in the areas of S/4, oData, FIORI and UI5.
